**WEST POINT'S LINEUP**

Varsity Breaks Up Scrubs Armed with Navy Formations.

West Point, N. Y., Nov. 23. A hard scrimmage and a lengthy defensive drill, as well as a half hour spent in running through signals, featured the work of the Army eleven today. The scrubs, now termed the "Navy eleven" were armed with Navy plays and were against the varsity today. The scrubs against the varsity today. The scrubs against the varsity today.

Coffin will very likely do the Army's punting. There may be a change in the lineup. Coach Daly said, but it is hardly probable now unless the heavy drill planned for tomorrow incapacitates someone. The decision to play Redfield in the varsity position or Tully at left end was somewhat of a surprise to the watchers, although it is admitted that Redfield is the speediest of the end men and a sure tackler.

**Williams' Baseball Schedule.**

The schedule of the Williams college baseball team has been announced. It included the following games:

Having suffered for twenty-one years with a pain in my side, I finally have found relief from Dr. Kilmer's Swamp-Root. I had been told that it was a mere placebo, but I tried it and found it was the best medicine I ever used. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking my Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

## F. A. CLOSES SEASON THURSDAY

### All Collegians, Captained by Ed. Murray, Will Battle Against the Red and White—Collegians Announce Their Lineup—Annual Game Between Members of Squad Takes Place.

The Academy will wind up its 1915 gridiron season on Thanksgiving day when they will clash with the All-Collegians on the campus. The Collegians are made up mostly of Trinity players and include several local talent warriors who fought for the Red and White formerly.

Manager Jones of the Academy has received the lineup of the visitors who are captained by Ed. Murray, formerly an A. A. star athlete and varsity shortstop on the Trinity baseball team. The lineup follows: Right end, Boyd; right tackle, Caldwell; right guard, Harter; left tackle, Rennerhan; left end, Phillips; right halfback, McKay; left halfback, Mullen; quarterback, Robinson; fullback, Gillyou.

On the Academy campus this afternoon the annual 50-called Army and Navy game will take place. The teams are picked from players who obtained their letters and the players are not allowed to play in their regular positions.

Gus Mullen will act as quarterback for one team and Cal Wilcox for the other.

**CADETS A FAVORITE OVER MIDDIES**  
 Material at Annapolis Below Par This Year.

The Army team will go into the game a favorite over the Navy when the two eleven clash before the season's most distinguished football crowd at the Polo grounds on Saturday afternoon. The Army team has been up to the standard shown in other years. The Navy has fared worse in its games. The Army has struck a stride which, if continued, should bring the Cadets to the top of their form by Saturday.

The material at Annapolis this season has been below par, and it has been a disappointing feature that several of the old players have not shown what was expected of them, and it has been necessary for the coaches to build up the eleven with "plebs." Buck Hardwick, Harvard's star end last season, has been aiding with the coaching and it is expected that he will teach the Navy eleven according to the Houghton methods.

The honors between the two teams are even. They began to play each

other in 1890, and since then have played 19 games. Each academy has won nine times and one game, in 1905, resulted in a tie.

The fact that the Yale-Harvard game was played in the Stadium, with a capacity of only 49,000, instead of in the Yale Bowl, where 75,000 persons could be accommodated, is responsible for the falling off in gate takings. Harvard is not kicking at the drop in receipts, however, for the income to the Princeton Athletic Association should amount to about \$125,000.

Harvard splits 50-50 on the gate money at its principal games, such as the Princeton and Yale games, and the early season contests the visiting teams are usually given a substantial guarantee. The gross proceeds for the Princeton game were \$125,000, and the Yale game, which was the largest of the season, amounted to \$175,000.

Eddie Mahan's Harvard team made a record in the association, but the money-making phase of this year's eleven was not so bright as the 1914 team. Harvard attracted gate receipts of about \$225,000 in the past season, many thousands of dollars less than the sum taken in at the box office a year ago.

## BROWN ELEVEN WILL PLAY AT CALIFORNIA FESTIVAL.

### Providence College Selected to Meet University of Washington.

Brown has been selected as the Eastern college to meet the University of Washington on the football gridiron at Pasadena, Cal., on New Year's day, and the first game ever played by disinterested coast universities is sure to prove of widespread interest. The game will provide the athletic feature of Pasadena's famous Tournament of Roses, now come to be recognized as the biggest and most spectacular festival in the country. It will come as a fitting climax to the festivities, and is already being boomed by the many hundreds of eastern college men turning in California.

Brown was selected by the tournament association after negotiations with Harvard, Yale and Cornell gave no prospect of those colleges accepting and Seward A. Simons of Los Angeles, Cal., first vice president of the A. A. U. came east to arrange details. Mr. Simons met President Pauncefote, Director of Athletics Marvel, and Head Coach Robinson of Brown, and after thoroughly going over the proposition a satisfactory agreement was arrived at.

The University of Washington has a particularly strong eleven this year, and has a record in winning from other coast teams. Brown has an eleven of great strength and will unquestionably uphold the high standard of eastern college football in a satisfactory manner. Brown developed a great offensive strength in the latter part of the season, in the Yale and Harvard games, rushing the ball for over 400 yards to their opponents' less than 200 yards.

Brown plays its last game on its home ground, the University of Washington, on Thanksgiving day with the California Indians as opponents and is now preparing for that contest. No great trouble is expected in winning this game, which has always proved an interesting and spectacular affair. The players will then be given a week's vacation, and the conclusion of the practice will begin for the coast game. So long as the weather remains favorable the men will work in a tankard form.

A squad of about 22 players and the usual retinue of coaches, trainers and managers will be taken on the trip. The start will be made from Providence on December 22, and home will be reached about Jan. 10.

**CORNELL THE FAVORITE.**  
 Red and White Should Defeat Pennsylvania Thanksgiving Day.

Cornell and Pennsylvania football teams will meet in their 23rd annual Thanksgiving-day game on Thursday and the Ithaca eleven hopes to continue her recent string of victories at the expense of the Quakers. Judging from the records of the two teams this fall it appears to be another Cornell triumph. The red and white can stand a few more victories over Pennsylvania without becoming conceited since the history of this football series shows the Quakers to be winners of an overwhelming majority of the contests to date. The universities first met on the gridiron in 1893 and in the past six months Cornell has won but three. In 1901 Cornell won, 23 to 6; in 1906 the teams played a no-score tie; in 1913 score was Cornell 21, Pennsylvania 9. Last year Cornell was victor by a 24-to-12 score.

The complete record to date is Pennsylvania, 18 games; Cornell 5 games and one tie. Cornell has won the last three. In 1914 Cornell won, 13 to 6; in 1915 the teams played a no-score tie. The 1913 score was Cornell 21, Pennsylvania 9. Last year Cornell was victor by a 24-to-12 score.

**Columbia Swimmers Doing Well.**  
 Captain Charlie Lee, of the Columbia swimming team, sprang a big surprise when he reeled off one hundred yards in 58 1-2 seconds, just one-fifth of a second behind the intercollegiate record set by the distance made by Herbert Volmer, the Columbia sophomore, last year. Lee swam in wonderful form, and will probably give Volmer a fight for the honors in the championship dual meet which begins next week.

Levy, one of last year's plungers, made a plunge of 77 1-2 feet early in the season, the best he has ever done. Later in the day Roy, a novice, did 69 feet 6 inches. If both can plunge as well as this consistently in competition, the Columbia coach thinks he has the college swimming title as good as won.

**Sharp Contracted For Five More.**  
 College football teams which are in the dumps need not look toward Cornell with the idea that the Ithaca university is housing a coaching Moses who might be persuaded to lead them out of the gridiron wilderness. Dr. A. H. Sharpe would undoubtedly fit into the role exceedingly well, but Cornell has a successful coach who has led up with a five-year contract which has four years yet to run. There is one thing about Cornell athletics that might be well copied by other institutions which meet her on the fields of sport. When the Ithaca university finds a coach who can deliver the goods it makes it its business to suit him, as it says in Ithaca. Courtney, Moakley and Sharpe can be quoted as examples.

**Scott and Lake of the Lafayette team** are showing accuracy in drop kicks this week.

Brown will play the University of Washington at Pasadena, Cal., New Year's day.

Ham Corbett, 1910, traveled from Portland, Ore., to help out the Harvard coaching this week.

Inasmuch as Pennsylvania scouts have been watching Cornell, the Ithaca team will put on a brand new set of plays.

Columbia will play Wesleyan on Thanksgiving day regardless of the latter's action in agreeing to play Trinity with Brickley in the line-up. Columbia and New York universities have enough talking about Brickley for one season and should let up.

Coach W. H. Lillard of the Andover team will resign his position soon, it is said. Eddie Mahan of Harvard may succeed him. Lillard has been at Andover eight seasons. His teams won five years straight. The last three games were won by Exeter. Andover feels that its system and not its players are wrong. It is argued that the team does not have enough preliminary training.

A remarkable trotting performance came off Oct. 9 over the half-mile track at Victor, Mont. The 3 minute class was won in 2:48 1-4, 2:48 by Mille Bella, a 19 year old mare by Milroy, 20588, dam Maria, Bells by Albert W. 2,20, owned by D. O. Cobb of Victor. The mare had raised several foals and was used under saddle and to buggy and had never been hitched to a bike until the day of the race, which was the first time she had ever contended with other horses. She was untrained and had made a successful attempt from the Harvard officials and was promptly

## EMERALDS WALK AWAY FROM TAFTVILLE.

### Thread City Five Continue Their Winning Streak.

(Special to The Bulletin)  
 WILLIAMTOWN, Nov. 23.—The Emeralds continued their winning streak Tuesday night, defeating the Taftville five 4 to 15 in the game postponed from last Friday. After the first five minutes the visitors were never dangerous, and in the second half the Emeralds walked away with them. The game was very rough, both sides offending often, and at times the game seemed about to be stopped by a free for all. One or two on each side, however, were the chief offenders. Taftville showed a lack of team work save in spots, which lost them the game.

**WILLIE HOPPE FOUND WELKER CACHRANY EASY.**  
 Showing of Young Iowan Was Somewhat Disappointing.

New York, Nov. 23.—Willie Hoppe of New York had no difficulty tonight in defending his title as billiard ball champion against Welker Cochran, the young Iowan in the deciding contest of the 182 handicap billiard tournament. Cochran was defeated 500 to 218, his handicap being 200 points.

Cochran's showing was somewhat of a disappointment as he had been able to defeat all the other billiard stars in the tournament. Hoppe made victory sure in the second inning when he ran up 298 points without stopping for fouls. Hoppe's average was 55.5-9. Cochran's high run was 9 and his average 2-2-25.

In the afternoon contest George Sutton defeated Koji Yamada 400 to 252. The high runs and averages were: Sutton 101, 15 to 26. Yamada 299 18-26.

The final standing was Hoppe, Cochran, Sutton, George Slosson, Yamada, and Joseph Mayer. Hoppe won all five games and Mayer lost his five.
